1. Introduction

As part of The Circle Trust, The Emmbrook School is an inclusive, mainstream, co-educational secondary school providing an Ofsted rated 'Good' learning environment for students aged 11 to 18 (school years 7 to 13). We value every child as an individual and work in partnership with parents/carers to actively support all our students, regardless of ability, to ensure they are encouraged to achieve their full potential both academically and socially. We pride ourselves on being an inclusive school, supporting students from all cultures and backgrounds and across all abilities. Our inclusive ethos is based on providing a holistic approach to maximise the potential of all our students. Teaching is scaffolded or differentiated to meet individual needs and systems are in place to identify barriers to learning, achieving and/or participation.

We are ambitious for all students with SEND, wanting the highest and best outcomes possible for each individual. We set expectations to ensure SEND students are aiming high and we support them to develop and maximise their potential so there are no limits to their success. We encourage all SEND students to improve their academic performance throughout their time with us, including those who have the potential to be high achievers.

2. How will we know if your child needs additional help?

Initially we gather and use information from the following:

- parent/carer application documents
- Year Leader for Year 7's meeting with primary school staff
- Year Leader for Year 7's meeting with child at primary school
- SEND Manager's consultation with primary school SENDCO
- SENDCO attending annual review meeting for Year 5 and/or Year 6 child with Education, Health and Care Plan (EHCP)
- identification of 'non secondary ready' child via information from primary school
- reports from external professionals/agencies, e.g. Educational Psychologist
- curriculum specific tests
- feedback from subject teachers or tutor
- CAT (Cognitive Abilities Test) for all Year 7 students
- NGRT (National Group Reading Test) for all Year 7 students
- Lucid Exact where further assessment required

As students progress to higher years, we use information from the following:

- Termly monitoring reports
- Parent/carer concerns
- Reports from external professionals/agencies, e.g. Educational Psychologist, CAMHS (Child and Adolescent Mental Health Service), etc
- Annual review meetings for students with EHCPs
- Year 10 exam access arrangement screening assessments where applicable
- Curriculum specific tests/mock exam results
- Feedback from subject teachers
- Concerns raised by tutors or the pastoral welfare team

If a student needs assessment in School we use a range of tests depending upon the area of need. If appropriate we make referrals to outside agencies to request involvement from external professionals, e.g. Educational Psychologist, Neurodivergent Team, CAMHS, etc.

At the beginning of year 10 identified students are screened to establish if exam access arrangements might be required (EAAs). These students undertake further assessments and subsequently formal EAAs are put in place in accordance with JCQ (Joint Council for Qualifications) regulations and teachers and students are notified of these. EAAs are in place for all of Year 10 and 11. In Year 12 arrangements are reviewed to check the EAAs are still appropriate to students' needs, those which are being authorised accordingly.

Exam Access Arrangements could include:

- extra time
- reader
- scribe
- prompt
- use of a laptop
- rest/movement breaks
- practical assistant
- colour naming

3. How will we know how your child is progressing?

We believe in a collaborative approach, working together with parents/carers to keep you informed and involved in your child's progress. We do this by:

- Termly monitoring, including mock exam results in appropriate years
- Satchel One – log of home learning tasks set
- Arbor school database portal
- Parent Consultation Evenings
- Emails to parents/carers
- Telephone calls home
- Appointments with individual teachers/tutor/member of the SEND team
- Annual reviews for students with EHCPs

The Emmbrook School provides general information to parents/carers via:

- School website, e.g. transition information for new joiners
<https://www.emmbrook.wokingham.sch.uk/page/?title=Year+6+Transition&pid=1013> and School Policies
<https://www.emmbrook.wokingham.sch.uk/page/?title=Policies+and+Documents&pid=1034>
- Intouch – text messages to parents/carers
- School newsletter
- Open Evening
- Options Evenings
- Year Leader Termly letter
- Headteacher's weekly letter to parents

4. How will we support your child?

Staff are advised of your child's individual needs and where appropriate a Pupil Action Plan (PAP) or One Page Profile (OPP) is created. Using Quality First Teaching, teachers scaffold and differentiate

lessons accordingly and Teaching and Learning Assistants (TLAs) provide further in class support where necessary.

As a mainstream school, the majority of students follow the full curriculum, however, a very small number of learners have a personalised curriculum to meet their specific needs, which includes provision from external providers in some cases.

5. How will your child be included in activities outside the classroom?

All students are encouraged to participate in extracurricular activities, during and after school. These activities, and day or residential trips, are open to all students and where necessary individual needs are discussed and support planned to enable participation. This may include a risk assessment.

6. How will we support your child's wellbeing?

The emotional wellbeing of all our students is important to us and we recognise that it contributes significantly to their ability to attend, engage, learn and progress.

Our Director of School Welfare, Mrs Steph Guinn, and Pastoral Welfare Manager, Mrs Susan Woolfenden, together with the wider Pastoral team, work with individual students or groups as appropriate. We work in partnership with parents/carers, and outside agencies if they are involved, to provide interventions and strategies to support children, including referral to counsellors and assigning mentors. Therapeutic Thinking and Restorative Practice is embedded as part of standard practice at The Emmbrook School.

A member of the Pastoral Team liaises with Children's Social Care services by attending Child Protection (CP), Child in Need (CIN), Looked After Children (LAC) and Team Around the Family (TAF) meetings to ensure we work together with students and their families and support desired outcomes.

Safeguarding is of paramount importance and we take our duty of care extremely seriously. Our Safeguarding Policy is available on our website and all staff must complete regular, updated training. Our Designated Safeguarding Lead is Mrs Roxanne Ridsdale, Deputy Headteacher.

7. Who is our Special Educational Needs & Disabilities Coordinator (SENDCO)?

Mr Stuart Baker is our SENDCO.

8. Who are our SEND Team and what are their roles?

Senior members of the SEND Team are listed below. We also have Teaching and Learning Assistants (TLAs) supporting students in the classroom and Student Support Workers (SSWs) delivering bespoke support and intervention in our Student Support provision.

Mr Taj Bhambra – Senior Deputy Headteacher, Inclusion & GDPR Lead
tbhambra@emmbrook.wokingham.sch.uk

Mrs Roxanne Ridsdale – Deputy Headteacher, Designated Safeguarding Lead
rridsdale@emmbrook.wokingham.sch.uk

Mr Stuart Baker – SENDCO & Alternative Provision Teacher

9. What SEND training have our staff had?

Our SEND team have a wide range of qualifications and experience covering various special educational needs. Teachers receive regular SEND Inset training in specific areas of SEND. TAs and SSWs who are new to The Emmbrook School undertake an induction programme which includes training and information on SENDs. All staff have access to our SEND Register, Monitoring list, student EHCPs, PAPs/OPPs, assessment results, EAA spreadsheet, monitoring reports and SEND referral form.

The Emmbrook School actively engages in a process of Continuous Professional Development (CPD) training for all staff.

10. How accessible is our School

The Emmbrook School is a large purpose built school spread across several buildings, some of which have multiple floors. Many of our classrooms are on the ground floor and these are accessible at ground level or via ramps. Our English block, which was constructed in 2015, has a lift which is suitable for less mobile students/wheelchair users. There is a corridor which links the first floor of the English block to the first floor of Humanities. Our Maths block, which opened in 2017, also has a lift. We have toilets suitable for less mobile students/wheelchair users within the English and Maths blocks and the main part of the School site. Our SEND and Pastoral Teams are all based on the ground floor. An annual Accessibility Audit is completed and the following are in place.

Admission

Arrangements for the admission of disabled students at The Emmbrook School comply with *Section 69 of the Children and Families Act 2014, Schedule 1 of the Special Educational Needs and Disability Regulations 2014* and the *Special Educational Needs and Disability Code of Practice*. We take the following action to ensure admission of disabled students is as seamless as possible:

- Acquire sound knowledge of the child's individual needs prior to transition including meeting with parents/carers, the child, liaising with previous school and reviewing information provided by external professionals to plan provision
- Child and parent/carer site visit prior to joining
- Create Risk Assessment prior to joining if required and share with parents/cares and staff
- Create Personal Emergency Egress Plans prior to joining if required and share with parents/carers, the student and staff
- Create Health Care Plan if required prior to joining in collaboration with parents/carers and medical professionals
- Provide the student with a Medical Exit Pass if required (permission to leave the classroom during lessons for medical reasons)

Physical Environment & Facilities

Improving the physical environment of The Emmbrook School for the purpose of increasing the extent to which disabled students are able to take advantage of education and benefits, facilities or services

provided or offered by the school means ensuring facilities provided help disabled students to access the school. These include but are not limited to:

- Access to lifts – student given lift keys
- Ramps where there are stairs and no lift is available
- Staircase handrails
- External steps/ramps handrails
- Accessible toilets
- Clear signage, e.g. disabled access toilet
- Bells and teacher notifications to indicate change of lessons
- Highlight hazards, e.g. bright painted edges of ramps, protrusions
- Manual handling training - for staff required to push/manoeuvre wheelchairs
- Ensure no loose tiles, flooring, stair coverage, handrails, door handles, free cables, fixtures or other hazards
- PC screens where the text/image can be increased and the colour background can be changed

Inclusivity

Steps The Emmbrook School has taken to prevent disabled students from being treated less favourably than other students includes but are not limited to:

- An inclusive admissions policy
- Bespoke provision planned, delivered and reviewed regularly in consultation with parents/carers and individual students
- Delivery of inclusion and diversity lessons as part of the curriculum to all students
- SEND training and Continuous Personal Development (CPD) training for all staff

Participation

Increasing the extent to which disabled students can participate in the school's curriculum and improving the delivery of information, which is readily accessible to students who are not disabled, to disabled students plus the following is available:

- Provide TLA support in lessons as required
- Adapt PE lessons as required, e.g. use of balls with bells for visually impaired students
- Facilitate the use of Radio Aids for hearing impaired students
- Provide facilities and supervision for Occupational Therapy/Physiotherapy exercises
- Facilitate visiting external professionals
- Provide support for day and residential trips as required
- Review provision and support regularly with student and parent/carer
- Adapt classrooms for short-term wheelchair use, e.g. raised desk

11. How can parents/carers provide support?

Please support us by encouraging your child to fully engage with and take responsibility for their learning. You can support them by:

- ensuring they attend School on time every day unless they are unwell – please make medical or dental appointments during School holidays or after School wherever possible
- encouraging them to pack everything they need for the school day the evening before, including pens, pencils, calculator, protractor, compass, ruler, PE kit, food tech ingredients (please name all equipment and clothing in case it gets lost)

- checking they have completed all homework tasks to the best of their ability (Satchel One)
- attending Parent Consultation Evenings
- attending meetings specifically arranged for your child
- making sure all interventions/suggestions for home are completed
- checking achievement points awarded and praising these
- checking sanction points awarded and discussing ways to prevent reoccurrences

12. How can your child contribute?

- Proactively engage in their learning
- Arrive at lessons on time with the correct equipment, wearing the correct uniform
- Ask for help if they are struggling
- Check Satchel One and complete all home learning tasks to the best of their ability
- Follow the School's behaviour policy
- Attend meetings for them where applicable
- Contribute to target setting and reviewing
- Work in partnership with a mentor if one is assigned

13. What should parents/carers do if they have a concern?

In the first instance, concerned parents/carers should contact their child's tutor who may then refer you to a subject teacher, your child's Year Leader, a member of the SEND team or member of the Senior Leadership Team (SLT). If the concern cannot be resolved, parents/carers should contact Mr Nick McSweeney, our Headteacher.

The Emmbrook School has a formal complaints policy which can be found within the Policies section on our website.

SENDIASS offer free, confidential, impartial advice and support to parents/carers (tel. 0118 9088233 email Sendiass@wokingham.gov.uk).

14. What other services are available through School?

Sometimes students need help from additional services or outside agencies and we have experience in working with:

- Educational Psychology Service
- Neurodivergent Team
- Child and Adolescent Mental Health Service (CAMHS)
- Speech and Language Therapists
- Counselling via ARC
- Physiotherapists and Occupational Therapists
- Sensory Consortium
- Autism Spectrum Service for Information, Support & Training (ASSIST)
- Childrens' Social Care service
- School Nurse
- Careers services

External agencies are contacted when necessary and appropriate, according to your child's individual needs.

15. How will we support transition to secondary school and beyond?

At The Emmbrook School we recognise that moving to secondary school is a major change in a child's life and we therefore work collaboratively with parents/carers and primaries from the summer term of Year 6 (or at the start of Year 5 in the case of students with EHCPs) to ensure a smooth transition. We offer an additional transition group for very vulnerable/anxious children to support their individual needs and lessen anxiety around this significant change.

The School provides careers' advice to students and parents/carers are encouraged and supported to explore post 16 options by attending careers' fairs and visiting local colleges/sixth forms and researching apprenticeship/employment opportunities. Advice and strategies to support students, as well as information regarding EAAs, are passed on to schools and colleges when students transition to further education.

Students with EHCPs have annual reviews in year 9 which focus on Preparation for Adulthood (PfA). Their EHCPs are reviewed and updated in consultation with the student, parents/carers, external professionals (if applicable) and their SEND Case Officer from their Local Education Authority (LEA). In year 11, the SENDCO works with the student and parents/carers to support transition to the next phase of education, e.g. college, or employment, and the SEND Case Officer from their Local Authority is also involved in creating a revised EHCP.

Mr David Constable, Head of Sixth Form, works with students in Years 12 and 13 to discuss college, employment or university options.

16. How are policy reviews conducted?

The Emmbrook's SEND Report is revised annually by the SEND Manager and approved by the SENDCO before being reviewed and approved by the Teaching Learning and Student Committee of The Emmbrook School Local Advisory Board.

17. Further information and how to contact us:

- Visit The Emmbrook School's website;
- Email the School at enquiries@emmbrook.wokingham.sch.uk
- Telephone the School on 0118 9784406;
- Look at The Emmbrook School's Local Offer on Wokingham Borough Council's website;
- Read our SEND Policy which can be found under Policies on the School's website;
- For specific SEND enquiries contact Ms Gail Oliver, SEND Manager, in the first instance via goliver@emmbrook.wokingham.sch.uk

Acronyms for Special Educational Needs

AA: Access Arrangements

ABA: Applied Behavioural Analysis

ADD: Attention Deficit Disorder

ADHD: Attention Deficit Hyperactivity Disorder

AR: Annual Review

ASC: Autism Spectrum Condition

ASD: Autism Spectrum Disorder

ASSIST: Autism Spectrum Service for Information, Support and Training

C: Cause for Concern

CAMHS: Child and Adolescent Mental Health Services

CCG: Clinical Commissioning Groups

CTOPP: Comprehensive Test of Phonological Processing

DASH: Detailed Assessment of the Speed of Handwriting

DSA: Disabled Student's Allowance

EAs: Exam Access Arrangements

EHC: Education, Health & Care

EHCP: Education, Health & Care Plan

FAS(D): Foetal Alcohol Syndrome (Disorder)

GDD: Global Developmental Delay
