Information for Cambridge National Sport Science Assessment

Unit number RO41 - Reducing the Risk of Sports Injuries.

Dear Parent/Carer,

As you are aware your son/daughter has been studying the OCR Cambridge National in Sport Science for over 2 years now at The Emmbrook School. The students have already sat their first formal assessment for their current Unit RO41 – Reducing the Risk of Sports Injuries last year.

In the last day we have been informed by OCR that in order to get a Teacher Assessed Grade (TAG) the students need to carry out two more formal assessments in Unit RO41 for a grade of Fail, Pass, Merit or Distinction. As they have already sat the paper once they stand an excellent chance of improving their grade if they continue to revise and work hard in lessons.

They have already started revising for this assessment with myself and Mr Tichband since coming back this week using a revision guide that we have provided them with which is also available for them on Teams.s

The two assessments will both still be 60 minutes long and be worth 60 marks each and will be sat on Wednesday 22nd September during the school day.

If you have any questions or queries about this then please don't hesitate to contact me via email – chumber@emmbrook.wokingham.sch.uk

Yours sincerely

Craig Humber
Curriculum Leader for PE
