Astra Zeneca [Early careers at AstraZeneca](#)

Astra Zeneca is a global pharmaceutical company that researches, develops and produces medicines used by patients around the world. Early careers opportunities cover science, engineering, manufacturing, digital technology, data and business. UK routes include apprenticeships, work experience, undergraduate placements and graduate programmes, offering different ways to begin a career within healthcare and life sciences.

University SPOTLIGHT

✓ Y11

London School of Economics [The London School of Economics and Political Science - LSE](#)

LSE is a specialist university focused on social sciences. Courses cover areas including economics, politics, law, geography, international relations, sociology, management and finance. Its central London location creates opportunities to engage with businesses, government, charities and international organisations. LSE could particularly suit students who are interested in understanding how society, politics, economies and organisations work and enjoy discussing important global issues

UCL [Undergraduate | Study at UCL](#)

University College London is a large university based in the heart of London, offering courses across subjects including sciences, engineering, humanities, languages, social sciences, architecture, education and health. Students join a diverse international community and can access research, societies, volunteering and career development opportunities. Its location can be particularly valuable for students wanting to experience city life alongside access to London's employers, cultural organisations and professional networks.

Labour Market

UK Parliament Work Experience Program [Work experience - UK Parliament](#)

The program is ideal for students who want to gain more experience in the world of Parliament and is delivered remotely via Waypoint, enabling more young people to gain insight into careers at Parliament. You will get the chance to explore Parliament as a workplace, try realistic tasks inspired by real roles, get personalised feedback to help you grow, and learn about the teams that make Parliament happen

Civil Aviation Authority [Aviation and Aerospace: Spaceport Licence | Springpod](#)

Space is now closer in reach than ever before. Companies worldwide are looking to the skies with the hope of exploring, and being one of the leading stars in the space sector. But, what do they need to get there, and how does the Civil Aviation Authority come into this? Join this Sprint and use your skills to understand the process of preparing a spacecraft launch licence application, and, with the help of expert professionals, you'll understand key aspects around exploring space

Employers & Careers

☑ Y10

☑ Y11

Planetary Scientist [JOB OF THE WEEK - EPISODE #248 - PLANETARY SCIENTIST](#)

A planetary scientist studies the origin, evolution, and physical characteristics of planets, moons, and other bodies in the solar system. You often need to earn an undergraduate degree in physics, geology, astronomy, chemistry, or planetary science as well as strong abilities in mathematics, computer programming, data analysis, and scientific problem-solving

Social Worker [Social Worker - Job Summary](#)

A trained care professional who helps individuals, families, and communities cope with difficult life challenges, improve their wellbeing, and protect vulnerable people from harm. Social Workers usually work for local councils and sit in an adult or childrens team, depending on who they support.

BAE Systems [Early Career Opportunities | BAE Systems](#)

A UK engineering, technology, aerospace and defence company, working on projects including aircraft, submarines, ships, cyber security and advanced technology. Its extensive early careers programme includes work experience, apprenticeships, degree apprenticeships, undergraduate placements and graduate roles. Opportunities cover engineering, software, cyber, project management and business, giving young people routes to earn qualifications while contributing to large-scale projects

Outer Circle [Aspiring Apprentices — OuterCircle](#)

OuterCircle is an apprenticeship organisation helping young people access and succeed in apprenticeships. They arrange events, have current apprentices who act as mentors and an online community to help you succeed. Many of their members are from ethnically diverse backgrounds and can share their real, recent experiences of applying to (and securing!) apprenticeship opportunities.

Createch Careers [createch week — ERIC | Creative Career App](#)

This is your guide to careers at the intersection of creativity and technology. Learn where creativity meets tech through short talks, real career stories and practical advice from people working across the creative industries. All online, all on demand. You must be registered to access the talks. Register for free.
